NURUL ANISAH

Quality Assurance / QA Engineer

nurulanisah604@gmail.com | LinkedIn | Portofolio | Jakarta, Indonesia

PROFESSIONAL SUMMARY

Quality Assurance professional with 3 years of experience in manual testing across academic and Telco projects, having executed 650+ test cases and ensured reported defects were resolved before UAT. Experienced in preparing SIT, UAT, test scenario, test case, and bug report documentation in Agile teams. Currently building test automation skills through hands-on projects, aiming to grow into a Middle QA role covering both manual and automation testing.

WORK EXPERIENCE

Quality Control – PT Neural Technologies Indonesia, Jakarta Jul 2025 - Present

- Perform quality control across multiple Telco projects, executing 350+ test cases to ensure product quality before release.
- Prepared SIT, UT, and UAT documents, test scenarios, test cases, and bug reports.
- Reported and tracked 20 defects in a spreadsheet-based tracker and followed up with the development team until all were resolved before UAT began.
- Supported the UAT phase with test documentation.

Software Tester – PT Neural Technologies Indonesia, Jakarta Oct 2023 - Jul 2025

- Designed and executed 300+ black box test cases (manual testing) for (nama produk/modul) in an Agile environment, achieving a ~90% pass rate.
- Documented and tracked 20 defects in a structured bug-tracking spreadsheet (severity, reproduction steps, status), then verified fixes until all reported failures were resolved.
- Prepared test documentation, including test cases, test execution reports and user accepted test.
- Collaborated with developers and stakeholders to clarify requirements and confirm bug fixes.

Odoo Developer Intern – PT Neural Technologies Indonesia Jun 2023 - Sep 2023

- Conduct an internship as an Odoo Developer by developing and customizing Odoo-based ERP modules. Implement new features, perform debugging, and ensure the system operates in accordance with user needs and the company’s business processes.

Mobile App Developer Virtual Intern – Mandiri x Rakamin Academy Sep 2023

- Participated in the Project-Based Virtual Internship program as a Mobile App Developer, organized by Mandiri in collaboration with Rakamin Academy.
- Worked on project-based mobile app development, from design and feature implementation to app testing tailored to user needs.

ISO Document Intern – PT Arkananta Nityasa Indonesia Dec 2022

- Prepared, managed, and maintained ISO documents with proper version control and compliance to standards.
- Supported internal and external audit preparation and coordinated with cross-functional teams.
